\*Your BIB service begins with receipt of the retainer and contract. We then provide you with our *Wedding Wishes Checklists* – detailed forms for you and your Groom to complete. These completed checklists allow us to serve you most effectively on your wedding day and cover all the details - from seating arrangements to running interference with vendors to following your timeline, our *Wedding Wishes Checklists* cover all of the bases so no detail is overlooked. Additionally, they help you stay organized. If you've missed anything in your planning, we'll alert you when we have our initial consultation and we'll go over all the plans extensively before the week of the wedding – when you should be relaxing knowing that your day is under control.

You've dreamed it, you've planned it – now let *Bride in A Box*™ make it happen just the way you envision it.
